

# 3M™ Filtek™ Supreme Ultra Universal Restorative

Dentists everywhere love using it anywhere

Dentists around the world have made 3M™ Filtek™ Supreme Ultra Universal Restorative their composite of choice for more than **600 million restorations** worldwide\* ... and counting. As you'd expect from the global leader in esthetic and restorative technologies, Solventum's TRUE nanotechnology brings unsurpassed esthetics and outstanding strength to every restoration—anterior or posterior—so your restorations will last and look beautiful, too.

## Unsurpassed esthetics

- Excellent polish retention
- Wide range of shades and opacities
- Natural-looking fluorescence

## Simple to use

- Exceptional handling
- Natural-looking body shades for a simple, single-shade technique
- Capsules and syringes are color coded by opacity

## Durable in anterior and posterior use

- Excellent wear resistance
- Outstanding strength
- High radiopacity

## Any place: anterior or posterior - any class

## Any esthetic solution

When you want to elevate your artistry, here's your dream palette.

Our **36 beautiful shades and 4 opacities** allow you to match any patient's dentition and create restorations that are virtually undetectable using a multi-shade layering technique.

Syringes and capsules are color coded by opacity—Translucent, Enamel, Body and Dentin

When you want a simple solution, you'll love this.

Most restorations are made with just one of eight Body shades. Dentists say they love the way 3M™ Filtek™ shades blend with surrounding dentition. You'll find it easy to satisfy patient expectations using a simple single-shade technique.

# More reasons to love using 3M™ Filtek™ Supreme Ultra Universal Restorative anywhere

## Excellent handling

It's easier to achieve the restorative result you want when the composite handles well. In a field study,\* dentists rated Filtek Supreme Ultra Universal Restorative as “ideal” on viscosity, stickiness, flow and ability to hold its shape.

\*Internal data

## Excellent wear resistance

The lower the wear rate of a composite material, the better its wear resistance. In an in vitro 3-body wear test, Filtek Supreme Ultra Universal Restorative had the lowest wear rate of all leading composites tested.

Source: Internal data

## Outstanding strength

In a test comparing leading dental composites, the flexural strength of Supreme Ultra Universal Restorative proved better than that of EsthetX® HD High Definition Micro Matrix Restorative, Herculite® XRV Ultra and Tetric EvoCeram® and comparable to other composites tested.
