# Clarity™ Advanced Clear Braces give you many reasons to smile

## Show your style

Clarity Advanced clear braces give you the versatility to go from blending in to being bold. Your smile is a blank canvas and can be customized at every appointment.

## Designed for your comfort

Clarity Advanced clear braces are small and smooth, with rounded corners to reduce rubbing and irritation.

## Virtually unnoticeable

Clear braces are translucent and blend in with the natural color of your teeth. They resist staining and discoloration allowing you to smile confidently throughout treatment.

## Always in and working

Unlike clear aligners which must be removed for eating and drinking\*, Clarity Advanced clear braces stay in place so your treatment's always advancing.

Clear Braces

# Change your smile without changing your lifestyle

Clarity Advanced clear braces transform your smile with braces that blend in. The translucent ceramic brackets are designed to match the natural color of your teeth.

Don't wait until your braces come off to enjoy your smile. Feel confident and smile brightly—both during and after treatment.

# Healthy smiles driven by science

Clarity™ Advanced Clear Braces feature the exceptional quality and leading-edge technology that only Solventum can provide.

Get the healthy, beautiful smile you want and the confidence to be yourself during the process.
