

Littmann
Stethoscopes

Your trusted tool, *upgraded.*

Littmann®
Stethoscopes
satin finish tubing

More flexible feel.
Enhanced cleanability.
Less likely to stick.

Littmann stethoscopes satin finish tubing brings a meaningful, functional upgrade to every shift: built for clinicians who need comfort, durability and performance that keeps up.

The soft, flexible feel delivers all-day comfort and easier handling, while the upgraded surface resists stains, debris and less likely to stick to hair or clothing for a cleaner, more polished experience.

Keep it clean

Scratch-resistant, easy-to-clean surface to keep your stethoscope looking new.

Flexible and comfortable

A more flexible feel you can stow in your pocket. Less likely to stick to hair and clothing.

Littmann® Cardiology IV™ Stethoscope in satin finish

Delivers cardiology-grade precision to isolate subtle changes for accurate diagnosis, with satin finish tubing that resists stains for lasting durability.
