

Extended Wear Solventum Medical Tapes

Medical device manufacturers and engineers need long-term wear adhesive solutions that increase patient comfort and provide strong and reliable bonds in challenging applications when adhering to skin. At Solventum we have a variety of wear times and solutions to match your device needs.

Featured Product:

Solventum Medical Tape 4579,
Polyester Spunlace Nonwoven
Extended Wear

Why extend wear time of your device?

- Less frequent device changes for increased patient comfort
- Potential to reduce cost of care
- Less intrusion on patient daily life
- Survivability in harsh conditions
- Accessibility to health care in remote areas
- Less waste overall with fewer device or adhesive replacements

Features and benefits

- Variety of wear times to match your device needs
- Safe for intact skin & breathable
- Excellent adhesion*
- ETO Sterilizable *
- Wear times with clinical studies up to 14 days*
- Flexible backings
- Can be worn in in wet conditions

*Conditions based on Solventum internal studies may not be representative of actual end use/performance and we recommend our OEM customer run their own studies using their device design.

A bond you can trust

Our experts can help you select components for your medical device design, from “skin-friendly” materials to aggressive medical adhesives used in the actual construction of your device. Whatever product development stage you’re at, we’re ready to help you succeed – with solutions that can help improve device reliability, enhance performance and reduce costs.

14 Day Wear Time*	28 Day Wear Time
Solventum Medical Tape 4075	Solventum Medical Tape 4576
Solventum Medical Tape 4076	Solventum Medical Tape 4578
Solventum Medical Tape 4077	Solventum Medical Tape 4579

**Length of wear time can vary on application, thickness, area on body, and age of user*

A bond you can build on

Finding the right technology for your next innovation is no small feat. That’s why we designed a free online product selector tool to simplify and streamline the process. Product and Safety Information: User is solely responsible for determining the suitability of Solventum™ samples and products for the intended use including any necessary safety or toxicity assessment. Solventum will provide Material Safety Data Sheets or equivalent and summary results of biocompatibility testing upon request. In every case before using any product in full scale production users should conduct their own tests to determine to their own satisfaction whether the product is of acceptable quality and is suitable for their particular purposes under their own operating conditions.

Notice: Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendations to practice any invention covered by any patent, without authority from the owners of this patent.

Warranty Information: All statements, technical information and recommendations herein are based on tests Solventum believes to be reliable, but the accuracy or completeness thereof is not guaranteed. Solventum warrants only that products will meet Solventum’s specifications at the time of shipment to the customer. Solventum does not offer any other warranty and does not warrant the performance, safety or such other characteristics of Products in combination with other materials. Solventum specifically DOES NOT warrant Products for any intended or unintended uses (whether or not foreseeable); for compatibility or suitability with other components or compatibility with any methods of manufacture or conversion. The foregoing warranty is made in lieu of all other warranties, expressed or implied, including the implied warranties of merchantability, fitness for a particular purpose and freedom from non-infringement.

Limitation of Remedies: If products are proven not to meet Solventum’s specifications, the sole and exclusive remedy available and Solventum’s only obligation shall be, at Solventum’s option, to replace such quantity of Products which are proven out of specification or to refund the purchase price paid for Products. Limitations of Liabilities: The remedies provided herein are exclusive remedies against Solventum for any alleged or actual nonconformance to specifications or defect or other failure in products or for Solventum’s performance of its supply obligations. Under no circumstances is Solventum liable for any direct, indirect, incidental, special or consequential damages (including lost profits) in any way related to the product under any theory of law including, but not limited to, negligence and strict liability.
